SKILLS

Languages:	Python, C, JAVA
Frameworks:	HTML, CSS, JAVASCRIPT
Tools/Platforms:	GitHub, AWS, VS Code, HackerRank
Soft Skills:	Problem-Solving, Communication, Adaptability, Analytical Thinking, Time management

PROJECTS

Symptom Analysis & Health Guidance Med AI | *GitHub* Jul' 25

- Developed a rule-driven symptom evaluation platform using **HTML, CSS, JavaScript**, enabling users to select health indicators and receive structured precautionary guidance through decision-tree logic.
- Implemented condition mapping, severity scoring, and predefined knowledge rules to generate reliable suggestions without external services.
- Built a responsive, accessibility-focused interface featuring dynamic forms, instant results display, and smooth navigation to improve usability for non-technical users.

AI Personalized Hydration Coach ChatBot| *GitHub* Apr' 25

- Created an interactive chatbot with role-based conversational flows that computes daily water targets from weight, activity level, and routine inputs using client-side calculations.
- Designed reminder scheduling, intake tracking, and progress visualization modules to encourage consistent hydration behavior.
- Structured modular scripts and reusable components to ensure scalability, maintainability, and seamless performance across devices.

TRAINING

Fundamental of JAVA |SkillStone| Certificate Jun' 25 – Jul' 25

- Completed hands-on training in Basic Java covering variables, loops, arrays, functions, and object-oriented concepts.
- Practiced Java coding in Visual Studio Code and strengthened fundamentals through 100+ assignment based problems.
- Improved logical thinking and debugging skills by solving real-time coding exercises and implementing simple Java programs.

CERTIFICATES

ChatGPT Made Easy: Al Essentials for Beginners	Infosys	*Aug' 25*
Deep Learning	NPTEL	May 25
Fundamentals of Network Communication| University of colorado	Oct' 24
Responsive Web Design	FreeCodeCamp	Oct' 23

EXTRA CURRICULAR ACTIVITIES

HackManthan|GeekforGeek|Lovely Professional University	Oct' 25
Python Programming Challenges|Self-Learning|HackerRank	Jan' 25
Code of Duty – Web Hackathon	Lovely Professional University	Mar' 25

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug' 23 – Present
Computer Science and Engineering; CGPA: 7.36

Pragya Niketan Public School Sasaram,Bihar
Intermediate Apr' 21 – May' 22
PCM; Percentage: 79.8%

G.S Residential School Sasaram,Bihar
Matriculation Apr' 19 – May' 20
Percentage: 82.3%
